Inspiration for ChordFlower

1. Welcome to our team wiki!

This is the wiki for ChordFlower the outlet where I (carddamom) usually place all of my personal projects. That are in most cases all open source and licensed either on a Apache-2.0 or one of the GPL's either AGPL-3.0 or GPL-3.0.

2. Getting started

Important basics! Must-read for every new editor

- How to update this wiki
- FAQ

2.1 ChordFlower info

- Mission & vision
- Values
- Company culture

3. Resources

Everything there is to know about chordflower. Keep an eye out for updates!

3.1 People

- Code of conduct
- Contributing
